

Program 40 Years HOX Conservation

- 08:00-09:00 Registration UG1 Biozentrum
- 09:00-09:15 Opening statement Alex Schier, director, Biozentrum, Switzerland
- Chair: Bill McGinnis*
- 09:15-10:00 Mike Levine, Princeton University, USA
– *From Hox Stripes to Behavior*
- 10:00-10:45 Ingrid Lohmann, University of Heidelberg, Germany
– *The Role of Hox Genes in Shaping my Career Axis*
- 10:45-11:30 *Coffee break*
- Chair: Ursula Weber and Marek Mlodzik*
- 11:30-12:15 Richard Mann, Zuckerman Institute/Columbia University, USA
– *Understanding Transcription Factor Specificity with a Hox Lens*
- 12:15-13:00 Marie Kmita, Institut de Recherches Cliniques de Montréal, Canada
– *Hox Pioneering Function*
- 13:00-14:00 *LUNCH*
- Chair: Renato Paro*
- 14:00-14:45 Nicoletta Bobola, University of Manchester, UK
– *Specific Reconfiguration of Transcription Networks by Homeodomain Combinatorial Binding*
- 14:45-15:30 Denis Duboule, EPFL, Switzerland
– *Of Läcklerli and Hox Genes*
- 15:30-16:15 *Coffee break*
- Chair: Rolf Zeller*
- 16:15-17:00 Deneen M. Wellik, University of Wisconsin-Madison, USA
– *HoxPG11 Regulation of Osteochondrial Differentiation*
- 17:00-17:45 Eddy De Robertis, University of California, USA
– *The Homeobox and the Evo-Devo Revolution*
- 17:45- *Apéro*
